Discovering Creativity with Easy To Make Crafts

Babies can communicate long before they are able to speak.

my baby can talk™

"My daughter can now tell me when she is hungry, thirsty, or when she needs more of anything."

Babies who learn to sign ...

- Are less frustrated
- Speak sooner
- Show an increase in IQ scores
- Are more self confident

Fifteen national parenting awards!

A complete early language development DVD series recommended by pediatricians, trusted by parents and loved by babies.
