F. Baby Steps Activity Walker

The walker rewards babies every step of the way. All baby has to do is hold onto the handles, take a small step and the toy immediately begins playing a fun melody. But the melody stops when baby stops – encouraging those next few steps. The shape sorter, light effects and sound games also turn it into an activity center that helps stimulate imaginations and strengthen coordination skills.

Ages 9 mos. and up. 18"H x 16"L x 25"D.

Requires 2 AA batteries (Not Included).

I. My Baby Can Talk® First Signs DVD

Award Winner!

Crying is one way that your baby tries to communicate with you, but this DVD offers a better option – it teaches you and your baby to sign together. Research shows that babies

taught to use sign language are better adjusted, speak sooner and boast higher IQ scores. Engaging images and a young baby signing captivate your baby and as a result your baby learns to sign. 45 Minutes. Ages 10 to 24 mos.
